## COSTS OF THE MARTIN TRIAL PLACED AT OVER \$7,200

The approximate cost of the J. H. Martin prosecution is \$7,274.90, which will be paid by the state and county and private individuals. The complete account has not yet been made out, but sufficient facts are at hand to estimate the cost.

This morning County Treasurer Joseph E. Storey received a check from State Auditor L. G. Kelley for \$3904.90, payment of jury and witness fees, outside of expert fees which neither the county nor the state will pay. Expert fees and per diem was figured at the regular rate and if experts get more than that it will be paid by private parties. The regular fees are \$2 a day and 10 cents a mile for traveling expenses.

The expert on handwriting, Theodore Kytko, received no more than that from the state or the county. As nearly as can be determined at this time, the cost bill, including all expenses during the 30 days the trial was in progress, is as follows:

Jury and witness fees.....\$3904.90  
Board for jury.....350.00  
Bedding, car fare and baths for jury.....110.00  
Extra bailiffs.....250.00  
Telephone and telegraph.....150.00  
Expert testimony, Kytko.....2500.00

Total.....\$7274.90  
Of this amount the state has paid \$3904.90, the county will pay \$870 and private parties will pay for the Kytko expert testimony the sum of \$2500, if his entire claim is allowed. Martin is in the state penitentiary serving a five-year sentence, but he has determined to appeal to the supreme court, which will add further cost in the case as it will require 60 days time in which to make out the transcript of the evidence. If the case should be reversed, a second trial will be had, the cost of which will likely be as much as \$5000. Should there be no reversal of the verdict, or should there be a second trial and Martin should be found guilty, a reward aggregating \$8500 will be forthcoming to those who were instrumental in bringing about the conviction. The state offered a reward of \$5500, the county and city \$1000 each and it is said that private parties in Ogden offered \$1000. As to who will get the reward, is mere speculation at this time.

## THE WORLD'S MARKET NEWS

### WALL STREET.

New York, N. Y., May 8.—A vigorous selling campaign was launched at the opening of the stock market today. Professional traders selected for their attack a number of issues, which have been weak recently and succeeded in driving them down until the whole market was falling. The bears were assisted in their move by the decline in American stocks abroad, as well as by reports of a more serious situation at Vera Cruz. Canadian Pacific led the decline with a drop of 2 1/2. Amalgamated, Smelting, Texas company, Anaconda, Mexican Petroleum, Baltimore & Ohio, Lehigh Valley and Southern Pacific sold off one to two points.

### CHICAGO GRAIN

Chicago, Ill., May 8.—Wheat developed firmness today in sympathy with the comparative strength shown at Liverpool despite the bearish crop report from Washington. Trade here was light. The opening varied from 1-8c off to 1-8@1-4c up, with prices later gradually hardening all around. Wet weather delay to planting brought about a slight bulge in corn.

Initial sales were unchanged to 1-4c higher and there was a little further gain, before the market began to react.

Oats were governed by corn. Commission houses generally turned sellers after the market had made a small upturn.

Slowness of trade at the yards led to a heavy feeling in regard to provi-

sions. First transactions were at 2 1/2 to 10c decline, and there was a subsequent further setback. Afterward Oklahoma dispatches predicting the earliest wheat harvest on record led to a setback. The close was steady at a shade to 1-4@3-8c net decline.

Increased rural corn offerings in the southwest caused depression. The close was steady at a loss of 1-8 to 1-8@1-4c net.
